

He failed to convert the Irish King Leoghaire, but received the monarch's permission to preach throughout the country.

St. Patrick

It has been said St. Patrick drove the snakes out of Ireland. How this legend arose is attributed by some authorities to the fact that the Druids had a form of serpent worship. By gradually stamping out the power of the Druids, Ireland's Patron Saint "drove the snakes" from the Emerald Isle. He founded 360 churches and baptized 12,000 persons during his lifetime.

Born in Scotland around A.D. 387, St. Patrick was kidnapped when he was 16 and sold as a slave to tend sheep in Ireland.

Escaping about six years later, he sailed to France, studied religion and became a priest.

Eventually, St. Patrick was made a bishop by Pope Celestine and sent to convert Ireland.

The shamrock was first used by St. Patrick to explain the Holy Trinity. He converted many clan chiefs and built nearly 400 churches.

St. Patrick died March 17, at Armagh, and that date, not his birthday, is celebrated by Irishmen throughout the world.

Rotarians Told About City Affairs

With material prepared by City Manager Garland Medders, Dr. Lester Sites reviewed the happenings of our municipal operations this past year and the plans for the current year. This includes work in the street, electric, and sewer departments of the city, and the street program, of course, is the biggest of these, he told the Hope Rotary Club last Friday.

At the present time the city is blacktopping over 6 acres at the site of the new mobile home industry and will gravel almost 3 additional acres. Curb and gutter around the Public Housing sites have been completed, and these streets are scheduled for paving early this summer. The Water and Electric Departments are furnishing all the \$250,000 cost of rebuilding 6th Street from Fair Park to Edgewood and for opening Edgewood from 6th Street to Shover Road.

Meyers Bakery is now working on a large addition to their business, but the city had to promise adequate fire protection before they would make the investment. Other additional fire services are also badly needed, and it was learned that we are apt to need additional fire stations in the near future, particularly on the north side of the Missouri-Pacific tracks.

Financially, Hope is in good shape, and plans are underway for over a million dollars worth of construction during this year. To alleviate the overload on our city organization, Bill Wray has been appointed Plumbing and Building Inspector to work with the Planning and Zoning Commission, and Gene White has accepted expanded responsibilities as office manager in the Water and Light Department. C.R. "Dick" Moore presided over the meeting in the absence of the president and first vice-president, John T. McRae of Prescott was a visiting Rotarian, and other guests were Sgt. Roger Odum, Forrest Singleton, and the Rev. D.D. Fairchild.

Sierra Club Is at War Internally

By BILL STALL
Associated Press Writer
SAN FRANCISCO (AP) — The Sierra Club is embroiled in an internal power struggle that could affect the future of America's conservation movement. Strong-willed individualists, many of them veteran mountaineers and backpackers, are battling for control of the 72,000-member organization.

The center of conflict is David Brower, 56, the executive director of the club, founded in 1892

by naturalist John Muir. Brower's critics accuse him of arrogance and a driving thirst for personal control of the club, considered by many as the nation's most militant and potent force fighting for preservation of wilderness and scenic wonders. The club, which has long fought to set up more national parks, was the driving force behind establishment this past year of Redwoods National Park in California and Cascades National Park in Washington.

OFFICIALS (from page one)

fricts with U.S. policy favoring freer trade.

—Some positive lists have been so limited that importers in the aid-receiving countries are reluctant to make purchases. This has slowed down some aid programs excessively.

—It sometimes takes months to negotiate an aid program agreement with a country now because the U.S. balance of payments requirements get into complex and politically sensitive issues.

—Positive lists may actually harm the U.S. export trade in the long run by fostering uncompetitive U.S. commodities on foreign markets, thus damaging the reputation of U.S. goods generally.

Treasury officials counter that:

—The actual extra cost of U.S. goods on the positive lists is much less than 10 to 40 per cent, because the purchaser can buy these items on the easy terms offered in U.S. aid loans. Sellers elsewhere are demanding cash or higher-priced commercial credit.

—In no case has aid-receiving country imposed new import and exchange control system or delayed dismantling an existing one because of the U.S. positive list system.

—While there has been an undesirable slowdown in some U.S. aid programs, this is due as much to other AID regulations as to the positive lists.

—Positive lists will help the U.S. export trade in the long run. Purchases from the list tend to lead to further foreign buying not only of the item itself, but often also for spare parts and services.

Volunteer Riot Squad for Cook Co.

By MICHAEL HARRIS
Associated Press Writer
CHICAGO (AP) — It took him almost two years, but the sheriff of Cook County (Chicago) finally has a volunteer riot-control force. It's outfitted in khaki uniforms with black berets and scarves and paratrooper-type boots.

Sheriff Joseph I. Woods has circumvented a Circuit Court decision, which held last year that a proposed 1,000-man riot control unit was illegal under the Illinois Constitution.

At the time, Woods, a Republican, received sharp criticism from Mayor Richard J. Daley, a Democrat, and irate citizens sought and won the court injunction barring the unit's formation. Woods is a former Marine who values the training he received. He proposed his volunteer force after the summer of 1967, when the western suburb of

Abortion Law Shakes Lady Senator

By MARK BROWN
Associated Press Writer
DES MOINES, Iowa (AP) — A lady senator who is fighting to liberalize Iowa's century-old abortion law says the sharp comments of critics "shook me up at first, but I've become hardened to them."

For example, a recent letter to state Sen. Minnette Dederer began:

"Senator Dederer: You are a murderer!"

The letter from a constituent went on to voice opposition typical of many to the campaign by the 45-year-old mother of two children.

The blonde senator so far has been unsuccessful in efforts to convince fellow legislators—most of them men—that the state's ban on practically all abortions should be relaxed.

But Mrs. Dederer—Iowa's Democratic national committee woman and a scrappy fighter who lists her occupation as "legislator"—isn't giving up her fight to make abortion a decision of the woman and her doctor.

"I don't really know how I feel about abortion," she says. "I would never have an abortion and I would never urge one on another person."

"I just don't believe the state has the right to make the decision about abortion for a woman,"

Maywood was disturbed by racial strife. At that time, Woods recruited some 250 bailiffs and process servers employed by his department to bolster his approximately 250 regulars.

Pine Bluff Reverts to Choice Plan

PINE BLUFF, Ark. (AP) — "The community rejected the opportunity to stay out of court" was the explanation one member of the Pine Bluff School Board gave Saturday for the board's reverting to a freedom-of-choice desegregation plan.

Meeting for the first time since Tuesday's school elections, the board rescinded a plan recently adopted to establish a unitary school system for 1969-70 and voted to continue the present freedom of choice plan.

The decision was prompted and consummated by the election of three Freedom, Inc., members — Dr. Leon W. Francis, Ben Pearson and Al Morris — who took office at Saturday's meeting.

Francis was elected president, Pearson moved that freedom of choice be retained and Harvey W. McGeorge, a hold-over from the previous board, urged the other two hold-over members to conform with the majority expression of the community.

"I realize that because of the platform upon which they were elected, under no conditions could the three (remaining) board members hope for the building expenditures necessary to implement and carry out the board's present (unitary) plan at this time," McGeorge said.

"I think our original plan is a sound one for our district but the election shows the lack of support for anything but freedom of choice," he said.

Two white teachers told the board they favored the unitary system and presented a list of 15 other teachers they said favored the unitary system. The teachers also promised more support from teachers for the system.

McGeorge told the teachers that the board always had tried to stay out of the courts but that in Tuesday's election, "The community rejected the opportunity to stay out of court."

The Department of Health, Education and Welfare has tossed out two desegregation plans here already — both calling for freedom of choice. The district stands to lose between \$500,000 and \$700,000 in federal aid for noncompliance with the 1964 Civil Rights Act.

About half of the 30 persons who attended Saturday's meeting were Negroes, some of whom asked the board how they intended to replace the federal aid the board stands to lose if its freedom-of-choice plan is rejected by HEW.

The board made no reply. Francis said he felt "chaos would result in a movement of children" under the unitary school plan.

"I don't think I have ever said that freedom of choice as school desegregation is the final answer," the board president said. "We will not fight this thing to the bitter end to the detriment of the Pine Bluff schools."

HELEN HELP US!

by Helen Bittel

UNFUNNY JOKE
Dear Helen: I started getting the strangest telephone calls last night. They were all from men trying to make dates with me. At first I hung up fast, but after the fifth one, I asked what gave. Finally I found out. One of the men read off an item that had appeared in an underground newspaper - with my telephone "Blonde divorcee, 37-24-36, wishes to share apartment with tall handsome male. Call --- (my number)."
Either some "friend" was trying to be funny, or the paper got the number wrong. I wonder how many other people have had this happen to them since those underground sheets got going?
And can we sue? - RIGHT MEASUREMENTS, WRONG NUMBER
Dear R.M.W.N.: Suing an underground newspaper would be like using an icicle for a weiner roast stick. You'd end up with nothing but a slow burn. Whether the ad was from typo or friendly "psycho," I doubt you'll be bothered again, but it might be a good idea to change telephone numbers.
read a poem entitled, "It Was Wonderful."
Mrs. Jolly Byers read "Thoughts From the Golden Star Family Album" and concluded with a prayer.
The Program Committee, consisting of Mrs. Ollie Evans, Chairman; Mrs. Tom Kinser; Mrs. Hattie Russell; Mrs. Jolly Byers; Mrs. Vera Gough; Mrs. Alma Parnell; and Mrs. Ruth Huckabee, arranged a musical program. Mrs. Ollie Evans, Club Pianist, opened the program by playing "My Wild Irish Rose." The entire group joined in singing several musical numbers and enjoyed a game of naming tunes. The winners were awarded prizes.
A spring flower arrangement, furnished by Mrs. J.B. Eilen, centered the table, from which ice cream, cake and mints were served.
On Wednesday, March 26, 1969 at 11:30 a.m. the Club will have a luncheon. All members are urged to attend.

CIRCLE NO. 2 MEETS
Circle No. 2 of the W.S.C.S. met March 10 at 3 p.m. in the home of Mrs. Claude Nunn, Mrs. Guy Downing, president, presided. The World Banks were opened. She also gave a report on a church wide study on "Mission of the Church," recently held. Mrs. Bob Turner presented a most timely program "Toward New Style of Living," and using as scripture Matthew Chapter 5, Verse 6-7 "The Sermon on the Mount."
At the conclusion of the program, the hostess served cake with coffee or coke to eleven members.

Oswald: "I think I would bid just the way this South did. I hope to be doubled at four clubs. This time South did very well with his bids."

Jim: "Yes, indeed! He ruffed the opening spade lead and looked over dummy without any particular zest. He didn't expect to be hurt at five clubs but his chances of making the contract weren't good."

Oswald: "He was going to get to dummy once and clearly the best he could do with that one lead would be to play a heart and finesse his queen. Therefore, it was up to him to get away with the loss of just two trump tricks."

Jim: "After coming to this decision, South played his king of clubs. When West followed with the queen, South was down to only two trump losers. All that remained was the heart finesse and that worked."

Oswald: "If any of our readers think that the success of South's play was pure luck, we want to disillusion them. He gave himself the best chance."

Showdown Week in Basketball

By ROBERT MOORE
Associated Press Sports Writer
This is showdown week in major college basketball.

By dusk Saturday night, two teams will have plucked the prize plums for 1969 in action at Louisville, Ky., and New York City.

Defending champion UCLA, with the great Lew Alcindor, Drake, Purdue and North Carolina go for the big prize at Louisville. In Thursday night's NCAA semifinals, Drake collides with UCLA and North Carolina battles Purdue.

Eight teams remain in the National Invitation Tournament in New York, including St. Peter's of New Jersey, Temple, Ohio University, Tennessee, South Carolina, Army, Louisville and Boston College.

St. Peter's meets Temple and Ohio University takes on Tennessee tonight in the first of the NIT's quarter-final fireworks.

Finals in both tournaments are scheduled Saturday afternoon.

Drake got its golden opportunity to try its luck against UCLA last Saturday when the Bulldogs tripped Colorado State University 84-77 in the Midwest Regional finals at Manhattan, Kan. UCLA, with Alcindor contributing 17 points, breezed past Santa Clara 90-52 in the Western Regionals at Los Angeles.

North Carolina and Purdue survived the Regionals in identical fashion—on 20-foot jump shots in the final seconds that brought defeat for their respective opponents.

The Tar Heels edged Davidson 87-85 on Charlie Scott's 20-footer at College Park, Md., in the Eastern Regionals. Purdue's Boilermakers nipped Marquette 75-73 on a similar field goal by All-American Rick Mount at Madison, Wis., in overtime in the Midwest Regionals.

Louisville remained in the NIT Sunday by wearing down Fordham 73-70, and Boston College advanced with a 78-62 triumph over Kansas. In last Saturday's first-round activity, South Carolina rolled over Southern Illinois 72-63 and Army disposed of Wyoming 51-49.

Drake will face giant-killer UCLA with a 12-game victory streak in the record books. Willie McCarter, who chipped in with 21 points in the conquest of CSU, doesn't hesitate to say he thinks the Bulldogs can beat the proud Bruins.

"That's the one we want, UCLA," McCarter said after the Bulldogs found out the Bruins were their next foe. "That's who we want to play."

Drake Coach Maury John said his team won't hold the ball in an effort to beat UCLA. "I doubt if our plan will call for a drastic departure from our regular game," John said. "The thing we've got to hope for is a good shooting night."

UCLA is seeking its third straight national title, unprecedented in college basketball, and the Bruins would like nothing better than to snare it as the climax to Alcindor's illustrious career.

Johnny Wooden, the UCLA coach, sounded this warning: "I think we're sharp again and ready mentally."

One second remained when Scott canned his winning jump shot to north Carolina after the Tar Heels had clung to the ball for more than the final 60 seconds.

Mount regarded his 20-footer in the victory over Marquette as "the biggest shot I've ever made," kn inwjblo 26 points. The regulation game had ended 63-63. Marquette once

Many Issues to Be Aired by Owners

By MURRAY CHASS
Associated Press Sports Writer
GUM SPRINGS, Calif. (AP)—

Realignment will be the chief topic of discussion at the joint winter meeting of the American and National football leagues, but the 26 owners also will kick around some other matters, such as the experimental conversion rule.

The meetings got under way today with the owners gathering at a joint session, then breaking up into separate league meetings.

Before the week is over, they hope to arrive at agreement on the alignment of pro football for 1970, the year the 1966 merger takes complete effect.

Such agreement will not be easy to reach since there are owners who favor maintaining the status quo, the 16-man NFL and the 10-man AFL, and those who prefer a complete reshuffling of the 26 teams.

Before they hear the various plans on future alignment prepared by a six-man joint committee, though, they'll have to make some other decisions.

The conversion rule is one subject which must be resolved.

The AFL has used the two-point option, for a run or a pass, since the league's inception in 1960. The NFL has only the routine one-point kick rule.

Obviously, they have to decide what to do with the two-point play in time for the 1970 season, when as many as five inter-league games could be each team's regular season schedule.

The owners will very likely decide to extend for another exhibition season the experiment tried last year.

In all inter-league exhibition games in 1968, the teams could not kick for the point after touchdown but instead had to run or pass for one point.

Whereas conversions made by kicking are successful 98 percent of the time, the run or pass rule produced only a 56.6 percent efficiency.

Many football people like the idea of eliminating the automatic nature of the kick and instilling an extra bit of excitement into the game with the run or the pass.

"The fan reaction was great," Mark Duncan, chairman of the league's competition committee, referring to last year's experiment. "We'll hear what the owners have to say and then decide what to do this year."

trailed by 11 points.

Saturday night's four regional consolation saw Kentucky squeeze by Miami, Ohio, 72-71; Duquesne down St. John's, N.Y., 75-72; Colorado thrash Texas A&M 97-82, and Weber State Edge New Mexico State 58-56.

Eastern New Mexico won the small college NAIA championship at Kansas City by routing Maryland State 99-76. Central Washington defeated Elizabeth City, N.C., 96-82 for third.

Marichal's Hurling Is About Same

By DICK COUCH
Associated Press Sports Writer
Juan Marichal, who waited two weeks among the San Francisco Giants to pay his price, has served shorter notice on National League hitters.

Marichal, who signed a \$115,000 contract Sunday night, ending a two-week holdout, hurled four perfect innings Sunday in the Giants' 9-2 exhibition victory over the Chicago Cubs.

Juan Marichal, who had a 26-9 season, threw only an occasional fastball in his spring debut but disposed of the 12 Cubs he faced on 41 pitches. "I figured if I got it over, I'd get somebody out," he said. "They'd hit it somewhere, maybe over the fence."

The Cubs hit three fair balls out of the infield while Marichal was on the mound.

Elsewhere, the Baltimore Orioles and Cleveland Indians kept exhibition winning streaks alive—with considerably less ease than Marichal and the Giants tamed the Cubs.

Eight-inning doubles by Brooks Robinson and Merv Rettenmund keyed a two-run rally that carried the Orioles past Cincinnati 3-2 for their sixth straight victory. Cleveland outlasted California 14-10, runnings its string to seven, in a struggle that produced 26 hits, 13 walks and eight errors.

Atlanta nipped Washington 4-3, pinning Ted Williams' Senators for their ninth loss in 10 starts; Kansas City shaded the Pittsburgh B team 2-1; the New York Yankees topped Detroit 5-3; Oakland bombed Seattle 13-6; Los Angeles shaded the Chicago White Sox 3-1 and San Diego beat Arizona Western College 6-1.

Rain washed out four scheduled games—Houston-Minnesota, Montreal-New York Mets, Philadelphia-Pittsburgh and St. Louis-Boston.

Trailing 2-1 in the eighth, the Orioles slipped past Cincinnati on Dave May's two-out single and the doubles by Robinson and Rettenmund. Dave Nelson paced Cleveland's 13-hit attack with four singles in as many trips to the plate.

The Braves scored twice in the seventh to overcome a 3-2 Washington lead. Hank Aaron driving in the go-ahead run with a sacrifice fly. Pinch hitter Ed Kirkpatrick tripled home two runs in the eighth, powering Kansas City past the Pirates B squad.

A five-run sixth inning triggered by Billy Cowan's two-run single, and newcomer Mike Kekich's prolong pitching enabled the Yanks to get by Detroit. Jim Pagliaroni led the Oakland assault against Seattle with a double and three singles. Tommy Davis had a triple, double and two singles for the losers.

Willie Davis stroked three hits as the Dodgers trimmed the White Sox at Nassau, the Bahamas. Singles by Tom Haller and rookie Bill Russell and a sacrifice fly by Jim Lefebvre delivered the Los Angeles runs.

Four San Diego pitchers—Dave Roberts, Dick James, Fred Kapawczik and Dick Dare—combined for a six-hitter and Tony Gonzalez, the Padres' wild card pinch hitter poked a two-run single against Arizona Western.

The Pacers Open Up in Cage Play

By THE ASSOCIATED PRESS
The Indiana Pacers have opened up breathing room in the American Basketball Association's tight Eastern Division race.

The Pacers owned a two-game lead over the Kentucky Colonels and the Miami Floridians today after they thrashed Minnesota 144-113 Sunday while the Colonels bowed to the Dallas Chaparrals 104-100 and Miami conquered the New York Nets 116-103.

In Sunday's other ABA action, the Denver Rockets whipped the Western Division-leading Oakland Oaks 131-119.

The Los Angeles Lakers won the National Basketball Association's Western Division title by smothering the Boston Celtics 108-73. In other NBA games, Atlanta defeated Seattle 131-127 in overtime and San Diego downed Detroit 120-111.

Indiana, with Fred Lewis going on a 19-point third-quarter scoring spree, picked up its ninth straight victory in beating the Pacers, who lost more ground and are now 4 1/2 games behind Indiana. Lewis finished with 36 points and Charlie Williams led the Pacers with 32.

A PENNANT AT LAST. Mets manager Gil Hodges, fully recovered from a heart attack, receives an appropriate "pennant" from Victor Andrade, 8-year-old Heart Fund poster boy who benefited from heart surgery. Presentation took place at the New York National League club's spring training grounds at St. Petersburg, Fla., where Victor is a Little Leaguer.

Big Three Takes Lakers to Summit

By THE ASSOCIATED PRESS
Los Angeles' Big Three—Wilt Chamberlain, Elgin Baylor and Jerry West—took the Lakers to the summit, but when the time came to go over the top, Coach Bill Van Breda Kolff said: "Do it, Hewitt!"

Rookie Bill Hewitt, the Lakers' No. 1 draft choice last year, led the way with 19 points Sunday afternoon in a 108-73 parade past Boston that gave Los Angeles the National Basketball Association Western Division crown.

Second place St. Louis edged Seattle 131-127 in overtime Sunday night, but the Hawks trail the Lakers by five games with just four to play.

San Diego topped Detroit 118-111 in the only other game on the NBA schedule.

In the American Basketball Association, Indiana mauled Minnesota 114-113. Denver whipped Oakland 131-119. Dallas took Kentucky 104-100 and Miami beat New York 116-103.

The Lakers flashed to a 55-36 halftime lead at Boston and went on to hand the Celtics their 34th setback of the season. With four games remaining, the defending NBA champs are two losses short of their 1955-club record.

Baylor scored 17 points, Mel Counts 15, West 14 and Chamberlain 11 for Los Angeles, but Von Breda Kolff was particularly happy with Hewitt's showing. "He has been a pleasant surprise," the coach said of the youngster from Southern California. "A lot of first draft choices aren't doing that well. Sometimes the problem is getting him ready to play. But he was ready today."

"Do it, Hewitt! I like the sound of the phrase," Lou Hudson scored nine of the 25 points in overtime, leading the Hawks past Seattle after they had blown a 19-point third quarter lead. Joe Caldwell also hit for 25 Atlanta points while Art Harris was high for the SuperSonics with 31-18 of them in the third period.

San Diego's victory over Chicago boosted the Rockets' fourth-place lead over the Bulls to 1 1/2 games in their battle for the final playoff spot in the Western Division.

Don Kojis spearheaded San Diego with 34 points as the Rockets had seven players in double figures for the first time in their two-year history. Happy Hairston topped Detroit with 22 points.

Elvin Hayes, the leading scorer in the NBA, tallied 45 points for San Diego before being sidelined for the last 11 minutes with a muscle strain in his left leg. The injury was believed not serious.

In Saturday action, Baltimore edged Boston 99-98. Philadelphia nipped Atlanta 122-120. New York turned back Cincinnati 121-108. Chicago whipped Seattle 101-83 and San Diego overwhelmed Phoenix 141-124.

Coach Told He's Free of Cancer

AUBURN, Ala. (AP)—Auburn football Coach Ralph "Shug" Jordan has been given a clean bill of health and says he feels better now than he has in several years.
Jordan made the comment Sunday. He was released Saturday from a Birmingham hospital, where doctors said he was free of all traces of cancer.

Colbert to Try to Protect Lead

By SHEILA MORAN
Associated Press Sports Writer
PENSACOLA, Fla. (AP)—Jim Colbert, a former life insurance agent, has something beside a sizzling putter to fall back on to protect his lead going into today's final round of the \$100,000 Monsanto Open Golf Tournament.

The former Kansas State football player, looking for his first victory as a golf pro, has some very happy memories of the Pensacola Club course.

"It was here that I made the cut for the very first time, in 1966," Colbert said Sunday as he whirled away the rain-out final playing bridge with some fellow pros.

The 28-year-old father of three daughters also posted his second-best finish in four uneventful years on the tour at the same course when he tied for fourth.

His best finish was third at Jacksonville that same year.

Colbert switched to golf after he suffered a shoulder separation as a quarterback on the Kansas State freshmen team and decided football was "too rough."

He had a swing at selling insurance after college, before he joined the tour.

Colbert emerged from obscurity Saturday after he fired a third round—in driving rain—for a 54-hole total of 13-under-par 200 and a one-stroke lead over Deane Beman, two-time U.S. amateur king who shot a 63.

Lee Trevino was two shots back at 202. Gary Player and Ray Floyd were tied at 203.

Hope BPW members were greeted at club meeting Thursday night with the spirit of the Irish in music by Eva Reynerson and table decorations of gay Irish symbols by the program committee Tommie Byrd, Jack Porter, Pauline Carter and Eva Reynerson.

Program Chairman Mrs. Byrd presented her husband Bill Byrd who introduced guest speaker Jimmy Mason with the Arkansas Rice Growers and Arkansas Grain Association in Stuttgart. Mr. Mason told of the importance of Agricultural Industries to the economy of Arkansas. He discussed the potential of growing and processing rice, soybeans, and poultry products within Arkansas. He invited and encouraged civic interest and participation in promoting Arkansas Agricultural. BPW members were given samples of products processed within the state.

Club president Margie Vickers welcomed guests Mr. O.A. Merrideth of Stuttgart, Mr. Byrd, and Mrs. Eula Blackwell, a member from Pittsburgh, Texas recently moving to Hope.

Velora Bright and Virginia Hosmer told of the enthusiasm shown by the Niki Club and said the Niki Club would be meeting Thursday night at City Hall.

Illness of Carty Has Proved Fatal

By MIKE RATHET
Associated Press Sports Writer
WEST PALM BEACH, Fla. (AP) — Rico Carty, entire season. Clete Boyer, three months. Sonny Jackson, two months. Joe Torre, five weeks.

Add up those losses due to Carty's illness—he contracted tuberculosis—and a various assortment of other injuries—and you have the reasons why Manager Lum Harris figures the Atlanta Braves as contenders in the Western Division of the National League.

"It's hard to replace those kind of guys," said Harris. "Fortunately we kept out pitching staff intact and when you figure we won only 16 games less than the Cardinals then I think if everything jells we have a heck of a shot at the pennant."

The pitching staff took its part in the Year of the Pitcher last season by setting an all-time Braves' record for earned run average. But the hitters let the Braves down.

"It was the hitting," said Harris when asked why a club as strong on paper as the Braves managed to play only .500 ball. "Nobody hit last year."

Carty never got a chance. When the others did, they didn't produce as expected. Boyer hitting .227, Jackson .226 and Torre hitting just 10 homers despite batting .271. Even Hank Aaron had some trouble batting .287 with 29 homers—his lowest total in five years.

Pat Jarvis, meanwhile, was one of the top pitchers in the league with a 16-12 record, former pro basketball player Ron Reed posted an 11-10 record in his first full year. Phil Niekro rode his knuckleball to a 14-12 record and George Stone posted a 7-4 mark after leaving the minors.

Claude Raymond and Cecil Upshaw are tagged for bullpen duty with a fifth starter coming from a group that includes veteran Ken Johnson and four youngsters—Jim Britton, Rick Kester, Gary Niebauer and Ron Tompkins.

Knowledge is the eye of desire and can become the pilot of the soul.—Will Durant, American writer.

Little Miss R. Keeps in Limelight

By ED SCHUYLER JR.
Associated Press Sports Writer
Elect the Ruler put himself into the Santa Anita Derby picture, and little Miss R. kept herself in the limelight at the Big A.

Longshot Elect the Ruler closed with a rush to win the \$58,550 San Felipe Handicap Saturday at Santa Anita in the final test for the March 29, \$100,000-added Santa Anita Derby, the major race for 3-year-olds on the West Coast.

Little Miss R.—19-year-old Barbara Jo Rubin—won her second race in as many tries at Aqueduct by booting home the 7-year-old mare, May Berry, who paid \$7.20. Miss Rubin won with Bravy Galaxy, \$28.20, Friday when she became the first woman ever to ride at a New York pari-mutuel track.

Eddie Belmonte got Mrs. Gerry Dreier's Elect the Ruler, \$26.40, up in the final yards to edge Poltex Stable's Lanny's Se-

cret by a neck, with Mrs. J.T. Forno's Mr. Joe F. third in the field of nine for the San Felipe.

Three-year-olds also were busy at Pimlico and Oaklawn Park Saturday.

Nathan L. Cohen's Mister Diz beat other Maryland bred in the \$29,700 Challedon Stakes at Pimlico. Mister Diz, carrying high weight of 122 pounds including Braulio Baeza, ran the 1-16 miles in 1:44 2-5 for a neck victory over Guy H. Burt's 19-1 Baron Bedros, who carried 110 pounds. Mister Diz paid \$2.60.

The Oaklawn feature—the \$15,000-added Rebel Handicap, a stepping stone to the Arkansas Derby April 5—went to Mr. and Mrs. Robert F. Roberts' Traffic Mark, \$6, who beat Sheik of Bagdad by three-quarters of a length, covering the mile and 70 yards in 1:42 4-5.

The Aqueduct feature was the \$26,900 Pammonok Handicap at six furlongs, and Steve B. Wilson's Pappa Steve, top-weighted at 126 pounds, won it by a half length, with Jack Drefus Jr.'s Beakkins, 113, second in the field of five. Pappa Steve, timed in 1:09 4-5, returned \$8.80.

Jordan Again Hit by Israel Warplanes

By MARCUS ELLISON
Associated Press Writer
TEL AVIV (AP) — Israeli warplanes attacked Jordan today for the second straight day, hitting suspected Arab guerrilla bases in the foothills of the Gilead Mountains southeast of the Sea of Galilee.

An army spokesman said four

Marching, \$4, shot between horses to win the 1-16-mile, \$36,550 Canadian Turf Handicap at Gulfstream Park by three-quarters of length over James R. Chapman's Out The Window in 1:43 4-5. Go Marching, top-weighted at 123, gave 11 pounds to Out The Window.

The richest race of the day was the \$70,700 New Orleans Handicap at the Fair Grounds, and victory went to J.E. and T. Alle Grissom's Miracle Hill by a nose over Lazy F. Ranch's San Roque. The winner, \$9.40, covered the 1 1/8 miles in 1:54 4-5.

or five planes strafed and bombed Arab gun positions that fired missiles at Israeli settlements in the area Sunday night, touching off an artillery duel.

Earlier Sunday Israeli planes raided three big Arab guerrilla bases in Jordan. The Israeli army said all planes returned safely, but in Amman a spokesman for the Al Fatah guerrilla organization claimed its anti-aircraft guns downed six of the attacking jets. He said two crashed inside Jordan and the other four in Israeli territory.

One of the targets was only six miles from Amman; it was the closest attack to the Jordanian capital since the 1967 war.

A Jordanian spokesman said only civilian targets were hit, resulting in four dead and at least seven wounded. The Palestine Liberation Organization, the guerrilla coalition, said three guerrillas were killed and four wounded.

The PLO said the dead included Maj. Fayed Jarad, 30, "one of the chief guerrilla commanders."

Israel did not say how many planes participated in the raids, but the PLO said 18 planes participated in one strike, using

"rockets, napalm and machine guns."

Prime Minister designate Golda Meir presented her new government to the Knesset today and made no changes in the late Levi Eshkol's Cabinet. She was expected to win a quick vote of confidence.

Mrs. Meir told the 120-man legislative assembly she would not accept any settlement imposed by the Big Four powers unless it agreed with Israel's terms. Reminding other countries they would never dream of entrusting the solution of their own problems to other parties, she said the small state of Israel asks them to understand "that in matters affecting our existence, no decision can be adopted without us, nor can any recommendation be formulated without our consent."

She said establishment of a stable peace in the region depends on the Arab states and reiterated Israel's insistence that it can come about only through direct negotiations.

She warned the Arab states that if war comes again, "there is no doubt in my heart we shall be victorious."

Scholarship to Hendrix College

CONWAY—Linda Pondexter of Hope is the 1968-69 recipient of the Martin Luther King, Jr. Memorial Scholarship at Hendrix College. In June she will

LINDA PONDEXTER

become the first Negro student to receive a degree from the liberal arts college. Miss Pondexter was one of

the first Negro students to attend Hendrix. Through her enthusiastic personality and cooperative attitude she provided an example that helped both white and Negro students to accept each other within the college community.

Miss Pondexter is an active member and served as secretary of the Booster Club, which sponsors sports-related social events on campus. She is secretary of the Human Relations Council and served on the orientation committee.

The Martin Luther King, Jr. Memorial Scholarship Fund was established last summer through a \$10,000 anonymous gift from a resident of Conway. The benefactor established the fund to honor Hendrix College and the Methodist Church for their constructive leadership in the area of human rights and social concern.

The scholarship is to be awarded to a deserving Negro student or to a senior student of any race who has demonstrated exceptional dedication to the elimination of inequities and injustices in our society. Selection of the annual recipient is handled by a faculty committee.

She is the daughter of Mrs. Ernestine Pondexter of Mt. Hope, and the granddaughter of Mrs. Ophelia Logan.

two principal newspaper lines
dating back to within five years
of Hope's incorporation in 1875.

1899 — Star of Hope found-
ed as a weekly by Claude Mc-
Corkle; converted to an evening
daily by his son, Ed. McCorkle,
publishing until the 1929 con-
solidation.

The opposition line:
1880 — Hope News founded by
Lowry Brothers.

1883 — Sold to Withers & John-
son, name changed to Hope Tele-
graph.

1883 — Later in same year
resold to Claude McCorkle and
renamed Hope Mercury.

1884 — Sold to James H. Betts,
who named it Hope Gazette, under
which name it was published con-
tinuously until 1922, published by
Betts, J.L. Tullis, and Col. W.W.
Folsom the last-named dying in
1916.

1916 — Purkins & Gates bought
the weekly Gazette and made it
a companion paper to their new
daily, Arkansas Evening Herald
— but both papers suspended in
1922.

1926 — Plant was revived by
Curtis Cannon as the weekly
Hempstead County Review.

1927 — Cannon sold plant to
D.A. Gean, who established the
morning Hope Daily Press.

1929 — C. E. Palmer and A.H.
Washburn consolidated The Star
and the Press as Hope Star, with
Palmer as president and Wash-
burn secretary-treasurer.

1957 — Following Mr. Pal-
mer's death Mrs. Palmer be-
came president.

1969 — With Mrs. Palmer's
retirement from Star Publish-
ing Co. Washburn became 76
per cent owner and president
— balance 24 per cent being held
by Texarkana Newspapers, Inc.

THE WELL CHILD

No Drugs Necessary In Perthes Disease

By WAYNE G. BRANDSTADT, M.D.

A mother writes that her daughter, 10, has Legg-Calve-Perthes disease (also called Perthes disease or osteochondrosis of the hip). Her doctor spoke of putting the involved extremity in a brace but decided to keep the leg elevated in a sling and let the child wear crutches. He is giving her no medicine.

In this disease there is an inflammation of the bone and cartilage of the upper end of the femur. The same disease, when it affects the knee, is called Osgood-Schlatter's disease. The only treatment needed is to prevent weight-bearing and any method that accomplishes this is acceptable. No drugs are necessary.

The mother wonders whether her child should use the old-style wooden crutches or the new all-metal type with the cuff just above the wrists. Both are fine if the height is properly adjusted. The new type has the advantage that the wearer does not have to support her weight on her arms.

The cause of this disease is unknown. The ballet lessons this child was taking were not a contributing cause. The disease clears up spontaneously during puberty and, if the hip is protected while the disease runs

its rather prolonged course, there should be no deformity.

Another matter of concern to this mother is the fact that the doctor is having the hip X rayed two or three times a year. She wonders if this will affect any children her daughter may have later in life. Properly shielded X rays of the hip will not harm the ovaries. The danger from X rays in the vicinity of the uterus would be great only if the exposure occurred in the early months of pregnancy.

Q—What do you think about young mothers who slap their children across the mouth? When I told one mother that nature provided a better place she said that what the child was being punished for came out of his mouth. Could such a blow cause Bell's palsy?

A—Striking a child does more to relieve a mother's pent-up anger than it does to correct a child's behavior. Certainly a mother should not strike her child in the face, and other forms of discipline are usually preferable to spanking. Although Bell's palsy is usually caused by infection, a tumor or exposure to cold, it is possible that a blow heavy enough to injure the facial nerve could cause it.

We wish to express our deepest gratitude for all the floral tributes, food, and messages of sympathy received during the sudden loss of our beloved Dorynda Jo. The grief we feel will be easier to bear knowing that she was loved by so many. May God's love continue to be with each of you who responded to our sorrow with such generosity and compassion.

150 Killed in Crash in Venezuela

MARACAIBO, Venezuela (AP) — Searchers combed the burned-out wreckage of a group of Maracaibo homes for more bodies today after reporting about 150 persons killed in aviation's worst disaster Sunday, the crash of a Venezuelan jetliner bound for Miami.

All 84 persons aboard the plane, at least 47 of them U.S. citizens, were killed when the VASA airliner's DC9 crashed in a residential area and exploded minutes after taking off from Grano de Oro airport.

Authorities said at least 66 persons on the ground were killed and 20 seriously injured when their homes were devastated by flaming debris.

Fifteen other air crashes have taken more than 100 lives. The previous worst aviation accident occurred Dec. 16, 1960, when two airliners collided over New York City, killing 134 passengers and persons on the ground.

A policeman who was a witness said the plane lost altitude after taking off, hit a high tension pole, spun and fell in pieces on the residential districts of Ziluna and La Trinidad. The area on the outskirts of Maracaibo, Venezuela's principal oil center, is inhabited by about 15,000 Colombians, Venezuelans and Guajiro Indians.

The plane had been in service only 10 days. The flight originated in Caracas, 330 miles to the east, and picked up more passengers in Maracaibo. The airline said there were 74 passengers and a crew of 10 aboard.

The cause of the crash was not known, but authorities said they had recovered the plane's "black box" flight recorder and were studying the last moments of the flight. It was not known whether the pilot radioed any distress signal before he went down.

The 47 North Americans killed included five prize-winning salesmen for the Clark Equipment Co. of Battle Creek, Mich., and their wives. Their prizes had been vacations in Caracas. Also killed were three Venezuelan baseball figures—Nestor Isayas Chavez, a pitcher on his way to the San Francisco Giants' training camp in Tucson, Ariz.; Antonio Herrera, owner of the Venezuelan Cardenales de Lar club, and Carlos Santeliz, a player with the Cardenales.

In one house national guardsmen found the charred bodies of two children, clutching the fire-scorched remains of a dog. In another house a woman's body was found hunched over that of a son she had tried to protect.

The government decreed three days of official mourning and President Rafael Caldera sent a message of condolence to the nation.

MARINA DEL REY, Calif. (AP) — Two robbers in ski masks looted a restaurant safe Sunday while using walkie-talkies to communicate with a lookout. The loss was put at \$7,000.

Up for Sale, Value of Podunk Center Has Really Gone Up
SYLMAR, Calif. (AP) — The nostalgia felt by Hal Morris for his old town, Podunk Center, Iowa, is deepened by word that it's up for sale for \$7,000.

"I guess fame can sure raise the value of a town," said Morris, recalling it started for \$1,500 and sold it three years later for \$1,800.

Morris, 64, was 29 when he quit his job with a Des Moines meat packing plant and bought an acre of land in 1934 without telling his wife. He built a general store, put in gas pumps and called it Podunk.

Why Podunk? "It was the best name I could think of at the time," Morris said Sunday. "Names like Tonerville and Feltonville just didn't fit."

Many Americans Turn Up in Ireland for St. Patrick's Parade

By THE ASSOCIATED PRESS
Hundreds of Americans turned up for the St. Patrick's Day parade in Dublin.

In Chicago, the Chicago River was dyed green for the occasion.

At Grogan's restaurant in South Boston you could order anything you wanted, but what you got was corn beef and cabbage.

They laughed in New York when told that Savannah, Ga., with a planned turnout of 10,000 or so, hoped to have the biggest parade in the country.

The Ancient Order of Hibernians, sponsor of the New York parade, counted on 345 contingents totaling 27,000 marchers, including 161 bands. It was New York's 27th annual show in honor of the saint who drove the snakes from the Emerald Isle.

Prominent marchers in Dublin were Bobby Shriver, 14, and his sister Maria, 13, whose mother is Mrs. Sargent Shriver, sister of the late President John F. Kennedy.

The Irish tourist board said Americans were on hand in record numbers and that 400 of them were marching in the parade. The biggest single group, 200, came from Albany, N.Y.

Ireland's 88-year-old president, Eamon De Valera, issued a message of "good wishes to all our kinsfolk and friends beyond the seas."

Prime Minister Jack Lynch pledged his government would "promote the reunification of Ireland."

At the moment, the six counties of Northern Ireland are separated from the republic. As a symbolic protest against this situation, the New York parade marchers were ordered to wear black armbands. Said Michael Delehanty of Montclair, N.J.,

Rich Land Owner Dies in Crash
MCCRORY, Ark. (AP) — Vance M. Thompson Sr., 71, of McCrory, a multimillionaire with extensive land holdings in Arkansas and the South, was killed Sunday night when his Cadillac sedan struck a bridge and overturned west of here on Arkansas 17.

It took workers more than an hour to remove the body from the wreckage.

State Police said the car turned end over end after striking the bridge, coming to rest on its top in the middle of the highway.

Thompson, a member of the Arkansas Industrial Development Commission since 1965, was part-owner of the Park Plaza shopping center in Little Rock and his holdings included vast sections of farm land in the South.

Survivors include four sons, John, William, H. Ripley and Vance M. Thompson Jr. and two daughters, Mrs. Ruth Trammell of Nashville, Tenn., and Mrs. Elizabeth T. Russell of Memphis.

"I traded and, when I opened the boxes, I found them full of 1860 Little boy dressup outfits—knickerbockers and lace. My wife and I had a good laugh over it and hung up the outfits all over the store. You know, they sold like hotcakes."

Because of his wife's poor health, Morris said, he sold his town and moved to California.

The settlement now called Podunk Center is called "the hub of the world" by the present owner, Homer Weeks, but its greatest population—21—was in the '30s. Podunk now boasts a four-unit motel as well as the store-cave.

"I still have three loves," says Morris, an employee of a Canoga Park, Calif., rocket manufacturer. "My wife, my relatives and Podunk. When I retire in July, one thing I'll do is visit Podunk."

But buy it back? No, says Hal Morris wistfully. It costs too much.

national president of the Hibernians fraternal organization: "It is about time that the world paid some attention to the discrimination and suppression of religious and economic freedom in the six counties of Northern Ireland."

Chicago Mayor Richard J. Daley enlisted William Jones, lord mayor of Waterford, Ireland, to help him lead the big annual parade down the green-dyed Chicago River down the mercantile artery of State Street.

Waterford is the home town of Daley's paternal grandparents, and he visited there in 1964.

William P. Fay, Ireland's ambassador to Washington, had a fresh shamrock flown in from the old country for President Nixon. The shamrock was put in a vase engraved with a view of the White House and carrying the inscription:

"The White House, designed by James Hoban of Ireland."

Mrs. Fay had an illustrated book about Ireland as a gift for Mrs. Nixon. The President's wife, whose maiden name was Ryan, decided to call St. Patrick's Day her birthday, although actually she was 56 Sunday.

In South Boston, which many Irish Americans regard as a second capital of Elre, everybody was declared Irish for the day, including those from such outlying counties as Sicily, Poland, Lithuania and Africa.

In Madison, Wis., the Irish Students Association of the University of Wisconsin marked the day by issuing a list of demands.

They said they wanted the English language replaced by Gaelic in classrooms, lime juice instead of orange juice in the cafeteria dispensing machines, and one administration building painted green.

Katie O'Callaghan, vice president of the association, said if the demands were not met students of Irish extraction would sit in classes and stare coldly at their instructors.

The parade in Savannah was the 113th annual. City employees worked most of Sunday night painting a green stripe down the middle of the parade route, covering 3½ miles.

Because St. Patrick's Day is not a legal holiday, some cities held their parades Sunday.

Three Killed on Arkansas Highways
By THE ASSOCIATED PRESS
Three persons were killed on Arkansas highways over the weekend, an Associated Press count showed.

The latest victim was multimillionaire Vance M. Thompson Sr., 71, of McCrory (Woodruff County) who was killed Sunday night when his car struck a bridge on Arkansas 17 about four miles west of McCrory.

The other victims were David Lee Collins, 22, of Paragould, who was killed Saturday in a one-car accident near Paragould; and Phillip Stewart, 15, of Little Rock who was killed Friday night in a two-car collision east of Little Rock.

State Winners in Bible Drill Contest
First Baptist Church, Hope, again have winners in the Junior Memory-Sword Drill which is sponsored by the Training Union Department of the Southern Baptist Convention. The boys and girls in the drill were winners in the church drill and eligible to participate in the Association drill in Texarkana and the District Tournament held here on Thursday, March 13.

The following are State winners in the Junior Drill: Tim Gunter, Scott Moore, Clay O'Steen, Edwin Connelly, Teena Smith, Doreen Smith, Susan Chatham, Melanie McQueen.

The coaches for these young people are Miss Debbie Moore, Mrs. Elmer Smith, and Mrs. Frances Reynerson.

Conviction Upheld by High Court

LITTLE ROCK (AP) — The Arkansas Supreme Court today affirmed the conviction and two-year prison sentence of O. H. Cooper for the "malicious injury" to graves or monuments.

The court thus upheld a ruling handed down in Circuit Court in Boone County.

Cooper had sought reversal of the conviction on grounds that the lower court had erred in refusing to grant his motion for a directed verdict, in giving instructions to the jury, and in denying his motion for a new trial.

The high court upheld the lower court in all three disputed points.

During the trial, testimony was presented that said that Cooper had constructed a house and driveway on land that included a cemetery known as the "Adderholt Cemetery."

Witnesses said there were an estimated 20 to 35 graves in the cemetery, all marked with tombstones.

Cooper purchased the land in 1965 along with Richard Shipman, who later sold his share of the land to Cooper.

In another case, the Supreme Court reversed the three-year prison sentence and \$500 fine of Floyd Bailey of Little Rock, who was convicted of the illegal possession of narcotics.

The court said Little Rock police officers discovered marijuana on Bailey's possession through the use of a faulty search warrant.

The conviction and life sentence of William Howard Mosley for rape was affirmed by the high court. The decision was handed down by Circuit Court in Union County. Mosley, who was age 16 at the time of the alleged incident, was arrested in May 1967.

Barksdale Allegations Investigated
SHREVEPORT, La. (AP) — Allegations of payments made for enlistment spaces in the 917th Military Airfield Group Reserve at Barksdale Air Force Base, have resulted in an investigation of practices and operations within the unit.

A team headed by four principal staff officers of Maj. Gen. T. E. Moore, commander of the Air Force Reserve Forces, Robins Air Force Base, Ga., conducted an investigation at the unit recently.

Col. George W. Franklin, chief of information for Gen. Moore, confirmed that an investigation was in progress but refused to comment on the exact nature or scope of the investigation.

He told The Shreveport Times "certain allegations have been made and an investigation is in progress. However, we cannot comment on it until the investigation is completed, without danger of prejudicing the investigation."

The Times learned, from another source, that one of the allegations under investigation is the sale of openings in the unit to men liable otherwise to be inducted into the armed forces with a subsequent possibility of their being shipped overseas — possibly to a combat zone.

Reservists normally, unless their unit is called into active duty, serve on active duty for six months of basic and technical training and then serve out the remainder of their enlistment in performing required training drills, and summer training with the reserve unit.

Fumes Force Evacuation
OROVILLE, Wash. (AP) — About 400 persons, one-fourth of the people in Oroville, were forced to leave town Sunday by fumes from insecticides and fertilizers in a burning orchard supply warehouse.

They returned to their homes in the northwest section of town later in the day.

Wind carried the fumes as far as Osoyoos, B.C., about six miles away, but apparently no one in the path suffered ill effects.

Officials Irked by Tight Strings on How They Spend Our Money

By LEWIS GULICK
Associated Press Writer

WASHINGTON (AP) — Foreign aid officials are chafing under what they consider to be too-tight strings on how they dispense dollars to developing countries.

The strings are being kept taut by the Treasury Department, whose secretary heads the Cabinet committee responsible for curbing the U.S. balance of payments drain.

The situation has produced a running conflict between specialists of the aid-administering Agency for International Development and of the Treasury Department.

So far disagreements involving particular aid programs have been settled on a case by case basis, officials say. But the arguments go on.

Specifically at issue is the application of this policy to the general purpose aid loans designed to help countries improve their foreign exchange position and make local economic improvements.

Under the balance of payments injunction, AID has drawn up "positive lists" of U.S. goods for which the aid-receiving countries must spend the money from the U.S. loans. The lists are confined to American products not already bought widely in those countries.

Treasury and Commerce Department specialists see the positive lists as a tool for promoting new U.S. exports and preventing aid-receiving countries from buying with U.S. aid funds, the American goods they would otherwise purchase anyway with their own money.

They say this helps reduce the U.S. balance of payments drain. AID takes a dimmer view of the system, on grounds that it damages the overseas assistance program more than the dollar drain savings are worth. Officials say it has caused particular problems recently in loan programs for Chile, Bolivia and Colombia.

AID specialists contend that: —Tying AID money to the positive list forces aid-receiving countries to buy U.S. goods which are not internationally competitive and may cost 10 to 20 per cent more than like items from foreign suppliers. Thus the U.S. taxpayer is not getting as much out of his aid dollars.

—The most effective way for an aid-receiving country to meet positive list requirements is through using import and exchange controls. But this con-

Mr. and Mrs. Richard Woodson of San Mateo, Calif., were the guests last week of United Airlines and 20th Century Fox Film Co., in Hawaii where the film company is making the movie, "Tora Tora" which recreates the attack on Pearl Harbor. . . One of the P-40 Japanese Bombers was leased to the film Co. by Mr. and Mrs. Woodson who bought it at auction last summer. . . They have procured several other planes which are used in the film. . . The original P-40 is quite rare and will be kept by the Woodsons for their collection. . . The movie firm made photos of the young couple which will be used in an article for The Mainliner, a magazine for promotional purposes. . . An article recently appeared in the Mateo newspaper entitled the "Woodsons, Who Had Really Rather Fly" . . . Mrs. Woodson is the former Carolyn Strong, daughter of Dr. and Mrs. Sam Strong of Hope.

Supt. James H. Jones said there was some absenteeism in local schools today but not enough to warrant closing the system down again. . . so its "full steam ahead," he said.

There will be a Little League plan meeting of coaches and managers of all baseball teams Tuesday night, March 18, at 7 p.m., at the Youth Center.

281 Enemy Killed in Fighting

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — U.S., Thai and South Vietnamese forces killed 281 enemy troops in heavy fighting around Saigon and in the Mekong Delta and uncovered 40 graves containing another 152 bodies south of Da Nang, military spokesman reported today.

U.S. infantrymen from the 9th Division killed 131 Viet Cong in a series of five clashes over the weekend in the upper half of the Mekong Delta, the U.S. Command announced.

Two Americans were reported wounded in the clashes Saturday and Sunday. U.S. spokesmen explained that helicopter gunships and artillery accounted for at least a third of the enemy dead, and another 19 were killed in an ambush.

The fighting occurred near the provincial capital of Ben Tre and the district capital of Cai Be, 40 to 50 miles southwest of Saigon.

U.S. headquarters said the actions were part of a multibattalion operation under way since last Dec. 1. A spokesman said more than 4,200 Viet Cong have been killed in the operation and more than 2,350 captured. U.S. losses have been 148 killed and 1,366 wounded, he said.

Thailand's Black Panther Division reported 400 of its men repulsed an attack early Sunday by more than 1,000 Viet Cong only 18 miles east of Saigon. The defenders said at least 109 Viet Cong were killed and four captured.

Two Thais were killed and 19 wounded, the communique said. As the Viet Cong's spring offensive went into its 23rd day, about 30 rocket and mortar attacks were reported on allied bases and towns Sunday night. Two were followed by infantry assaults on American bases northeast of Saigon.

About 70 enemy soldiers hit a night bivouac of men from the 1st Air Cavalry Division 25 miles northeast of Saigon with machine guns, small arms and rocket-propelled grenades—close-quarter fighting lasted three hours, and when it ended 10 Americans had been killed and 17 wounded. A sweep of the battlefield produced nine enemy bodies.

Twenty-eight miles to the northwest of Saigon, enemy soldiers fired 10 mortar rounds into a 25th Infantry Division bivouac, then followed with a ground attack, firing rocket-propelled grenades and small arms.

For two hours the Americans returned the fire, blazing away with .50-caliber machine guns mounted on armored personnel carriers. A sweep at dawn turned up the bodies of 30 North Vietnamese soldiers, U.S. headquarters said, while one American was wounded.

In another fight on Saigon's eastern flank, enemy troops attacked a South Vietnamese military district headquarters before dawn Sunday after firing 20 mortar rounds into it. Two of the 100 militia defenders were killed and seven were wounded. Five civilians were reported killed and six wounded. A spokesman said two of the enemy were killed and one captured.

The 40 mass graves were uncovered by troops from the U.S. 196th Light Infantry Brigade about 35 miles south of Da Nang. U.S. headquarters said the 155 bodies were Viet Cong and North Vietnamese killed by artillery, air strikes and small arms fire about four days before.

Secretary Named for Convention
LITTLE ROCK (AP) — Phil Dixon, 37, of Little Rock was named secretary-director of the Constitutional Convention by the Convention Administrative Committee meeting here Saturday.

The secretary-director will be the convention's business manager, record-keeper, clerk and chief researcher and will supervise the convention's staff.

Temperatures to Be Even Warmer
By THE ASSOCIATED PRESS
Temperatures in Arkansas, which were pleasant Sunday, are expected to become even warmer Tuesday.

Warmer air is expected to move eastward, boosting the readings. Temperatures may climb into the 70s in the south portion Tuesday.

The U.S. Weather Bureau says there is a chance of some very light rain in the extreme south portion today and tonight.

High temperatures across the state Sunday ranged from the upper 50s in the extreme south and southeast to the low 60s in the central and northwest.

Overnight low temperatures ranged from 26 at Fayetteville to 44 at Texarkana.

QUICK QUIZ

Q—Is Aramaic, the language spoken by Jesus, still spoken today?

A—Aramaic survives today in only a few villages along the Syrian-Lebanese border.

Q—Who gave the Joshua tree its name?

A—The name was given by the Mormons because the tree seemed to be lifting its arms in supplication, as did the Biblical Joshua.

"TEENAGERS MISTAKES"
(This is an original poem composed by Alvin Williamson of Lincoln High School, Washington, Arkansas)
Teens of the 20th century think they are hip—

But the parents say they are flipped;
I've got "Soul" started it all
The beginning of a down fall.

You cut class from beginning to end
Someday you will say, "I Should have studied then
Drink your wine, drink it strong!
Some day you will see you are wrong.

You do what James Brown say when it comes to soul,
But he said without an education, you've got not goal;
Take LSD—some day you will see
Without an education you just can't be.

Take no one's advice, you'll wind up like flat-foot sam,
You will always be in a jam.

Say it LOUD! You are black and you're proud,
Say it low without an education you just can't show;
Not you aren't smart, you aren't cool;
IF YOU WERE SMART, YOU'D BE IN SCHOOL

Border Quiet After Another Red Clash

By ANTHONY J. COLLINGS
Associated Press Writer
MOSCOW (AP) — The Manchurian border appeared quiet today after another weekend clash between Soviet and Red Chinese troops. Pravda said local elections were held on the Soviet side Sunday and "100 per cent of the electorate voted except those who fell in battle."

There was still no word on casualties in the battle that began Friday and resumed Saturday on disputed Damansky-Chenpao Island in the frozen Ussuri River. Moscow said 31 Russian soldiers were killed there in a clash March 2, while the Chinese said many of their troops also were killed.

Pravda, the Communist party newspaper, said Soviet frontier guards fought Saturday for seven hours under a hail of fire.

Thinks Trial Would Reveal Very Little

MEMPHIS, Tenn. (AP) — The judge who received James Earl Ray's guilty plea says a number of questions about the Martin Luther King assassination were left outstanding. But he doubts that a trial by jury would have cleared the air.

These views were expressed

in an interview Sunday by Judge W. Preston Battle of Criminal Court, who last week sentenced Ray to 99 years in prison.

Meanwhile Ray's lawyer, Percy Foreman of Houston, Tex., reiterated in a television interview is belief that "no other person, organization or group except James Earl Ray was concerned in the killing."

Judge Battle remarked in his interview, "There has been much talk of a conspiracy, but no one saying so has yet produced a single shred of evidence

or named an associate or conspirator."

The judge said he is himself puzzled by a number of questions: "I would truly like to know how Ray actually found the spot from which to fire. How did Ray know where Rev. King would be? How did he determine the type of weapon to be used? What are the details of the actual purchase and selection of the weapon? Was he alone in surveillance of the Lorraine Motel?"

"Most puzzling of all is his escape from Memphis. To me, it seems miraculous that he was able to flee to Atlanta despite the all-points bulletins without his white Mustang being spotted on a highway."

King, standing on a balcony of the motel, was shot last April 4 by a rifleman firing from a rooming house across the street.

Judge Battle said he was convinced that a trial would only have "muddled our understanding of the substantial evidence which established Ray as the killer."

Monday, March 17, 1969
the prosecution would have had a chance to cross-examine Ray about his finances, or how he escaped from the Missouri State Penitentiary, or about persons who gave him any aid before or after the slaying of Dr. King," he said.

"That assumes Ray would have taken the stand. I doubt very seriously that defense counsel would have risked placing Ray in such a position."

The term bathophobia denotes an excessive fear of depths.
